ADULT COURSES :
AT SWAN ELT

www.selt.ie

Our English courses focus on improving your English quickly and effectively, with emphasis on your speaking skills. Our focus is Learner Autonomy which means building our courses on your strengths and your interests, and helping students improve their confidence by talking with each other. To assist this process our dedicated and highly qualified teachers will give you the guidance and feedback you need to make progress in your language skills.

Our English courses follow a weekly topic, and draw resources from core text books and authentic materials. On all of our courses we start with YOU using English and then follow up with a range of activities designed to help you understand and use new structures in English, to develop your vocabulary and fluency, and to promote accuracy and confidence.

This is the daily structure of a typical General English lesson:

GENERAL ENGLISH INTENSIVE

ABOUT LEARNING ENGLISH AT SWAN

The two teachers you will meet on our General English Intensive Course will give you different experiences to help you get the most out of learning a language. We do things differently in our classrooms, using a blend of the latest technology with traditional language learning methods, and we base our lessons on you and your interests. Each week, guided by a general topic, you practise speaking, listening, reading and writing skills in a warm and friendly environment.

The lessons start with clear weekly goals, and include a weekly one-to-one session with your teacher to work on your own individual learning plan. You will have regular progress assessments and feedback, guided by your SELT learning portfolio.
