

LEARN ENGLISH

JUNIOR COURSES AT SWAN ELT

www.selt.ie

Our Junior Programmes are aimed at younger learners aged between the ages of 10 and 17 from all over the world. Specially designed courses focus on teaching the essential language skills for younger learners in a fun-filled environment by experienced, professional, native English speaking teachers. In the classroom our innovative and specially designed for teens pick and mix menu allows students to study a selection of topics including many aspects of day-to day life and of course Irish culture (history, literature, mythology, music and modern Irish celebrities). We offer a full package which includes the option of airport transfers, accommodation (choose host family or residential), and an exciting activity and excursion programme (optional). Students will be well looked after and will get the opportunity not only to improve their English but grow as a person by enjoying this international experience living in a safe, friendly English speaking environment.

This is the daily structure of a typical General English lesson:

JUNIOR INTERNATIONAL SUMMER PROGRAMME

Come and have the language holiday of a lifetime and make friends from all over the world.

TIMES AND LOCATION:

Monday – Friday, 9–12.30 and 1.45–5,

Personalised syllabus for your students, created with them from the first day

International classes at all levels

CLIL focus and optional leadership project

Online placement test available before your students arrive

Small class size

Friendly host family accommodation or residential option

Activity options available help you practise your English outside of the school

ABOUT LEARNING ENGLISH AT SWAN

The Junior International Summer Programme takes place in a beautiful, green campus just north of the city centre. You will take classes with other students from all over the world including Europe, Russia, the Middle East, South America and Asia, make new friends, take part in drama, art and sport, visit all the fun tourist attractions and improve your English.

Our Summer Programme teachers are specialists in creating weekly course programmes with your help to make sure you are interested in what you learn.
