JUNIOR COURSES AT SWAN ELT

www.selt.ie

Our Junior Programmes are aimed at younger learners aged between the ages of 10 and 17 from all over the world. Specially designed courses focus on teaching the essential language skills for younger learners in a fun-filled environment by experienced, professional, native English speaking teachers. In the classroom our innovative and specially designed for teens pick and mix menu allows students to study a selection of topics including many aspects of day-to day life and of course Irish culture (history, literature, mythology, music and modern Irish celebrities). We offer a full package which includes the option of airport transfers, accommodation (choose host family or residential), and an exciting activity and excursion programme (optional). Students will be well looked after and will get the opportunity not only to improve their English but grow as a person by enjoying this international experience living in a safe, friendly English speaking environment.

ABOUT LEARNING ENGLISH AT SWAN

The teachers on our Junior Mini-Stay Course help you to speak English better and to feel more confident when you are using English outside the classroom. We do things differently in our classrooms, you help us create the weekly lesson programme, so we can base our lessons on you and your interests.

Each day, guided by a general topic, you practise speaking, listening, reading and writing skills in a warm and friendly environment. You can combine your lessons with a variety of fun activities to learn more about Irish culture and meet Irish people.
